

CELEBRATING 13 YEARS

As we celebrate Memories for Kids' 13-year anniversary, we are honored to have created more than 175 memories for families across the state of Nebraska and Western Iowa. Although more than 50% of families reside in the greater Omaha area, Memories for Kids has created memories for families in more than 30 cities and towns and more than 25 counties across Nebraska and Iowa.

Families who receive a memory are able to take a break from the daily rigors of cancer and spend time having fun and enjoying each other. Memories for Kids helps kids be kids and briefly relieves the sadness of living with a terminally ill parent.

ABOUT MEMORIES FOR KIDS:

Memories for Kids is a 501(c)(3) nonprofit organization with a mission to create lifelong memories for children who have a parent with stage IV cancer. While there are many organizations that exist to help children with terminal illness, there is a major void in groups dedicated to helping children facing the loss of a parent. We create fun and memorable experiences for children to share with their caregiver which gives the entire family a break from the cancer diagnosis. Memories for Kids has presented unforgettable gifts to numerous children and your support will help us continue this mission.
